

*You are invited to the*

*Classroom Design Workshop*

Friday, March 8, 4:00-5:50 PM

Ft Worth Ballroom 7 & 8, Omni, 2<sup>nd</sup> Floor

This workshop is offered as a service to all members by the Design Issues Group.

**Station one: Classroom Design Consultation**

Interior and Industrial designers will advise you on new colors, equipment and furniture arrangement, lighting, and organization, etc.

*\*\*Bring a floor plan and photos of your classroom to show the designers\*\**

**Station two: Interactive exhibits**

5D schools to enhance learning, ideas for interactive devices

**Station three: Teaching Through the Built Environment**

Learn how to implement the Design Learning process in the Art Classroom, through built environment education

**Station four: Adaptive Tools**

Ideas for designing adaptive tools, including a physical computing device

**Station Five: Classroom as the third teacher**

Ideas about how the educators of Reggio Emilia view the school as a living organism, using the environment as a place of shared relationships

**Station Six: Ready-Set-Design Resources**

Provide information about the Cooper-Hewitt Educator Resource Center and on-line materials offered for teachers nationwide.

### **Station Seven: DIY projects**

Using design thinking to help teachers think through improvements to their classrooms and possible Do It Yourself projects

### **Station Eight: What is possible?**

Show examples of model classrooms from around the world
