"If we want a future that supports all humans with dignity, opportunity and compassion, then it's up to each one of us to shape that world today".

--Jean Houston, Ph.D.

"Never doubt that a small, group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has".

--Margaret Mead

"We're now at a turning point in history. The exciting days are upon us.

Each morning you have the opportunity to gather your dreams, open your heart, hone your skills, and engage your soul.

You have a body, mind and spirit that are loaded with possibilities and phenomenal capacities.

You also have the opportunity to consciously evolve your thinking, caring and actions to match these, the most critical times in human history.

--Jean Houston, Ph.D.
