FRANKLIN

I was also an avid swimmer since I was young. At age 11, I created my first invention, the swim fins. These allowed me to swim faster.

My father could no longer afford to send me to grammar school so he sent me to work in my brother's print shop. This is where I thought of a lot of cool inventions that I wanted to create.

THE Adventures of Abigail Adams

Abigail missed her husband during their long separation, so they Corresponded through letters. They shared joys and struggles, and they admired the other's hard work and bravery.

Abigail joined John a diplomat, then
