Fairhope, Al 36532

Dear Nancy,

Words alone cannot express my gratitude for the amazing job you did as our artist-in-residence the week of April 4 – 8th! The installation project for my National Art Education Association Foundation Teacher Incentive Grant and PTA FACES grant was a huge success. The ideas you had from the inception of this grant to the completion of it were wonderful. You had a great rapport with the students and we always love having you at Auburn Junior High School. I am so glad that we started working together 3 years ago for the Blue Jean project and have been able to embellish and expand the work we started with that group of students. I know the Eastern Shore Art Center is lucky to have you and your passion for art. This passion is evident in the excitement you show while you work with students and teachers alike. Students who have not experienced art before or have not had a successful experience blossomed while you were working with them. The volunteering of your time on the last day to complete the project was a true gift. I am so appreciative of this and I know the kids were too. The parents really enjoyed working with you as well and are anxious to have you back next year! Thank you again for coming and spending a week with us. I look forward to presenting this project at the state and national conventions and hope that you can do it with me! You are wonderful and were a big hit with all the students, parents and faculty of Auburn Junior High School. I am so glad we are friends!!

Sincerely,

Betsy Logan
Art teacher
