

# Welcome to the Central Elementary Artist Trading Card Family Art Night!!

5:30-7:00

6:30 Prize Drawings and Special Presentation

Thank you for attending this special event! This was made possible by a *DonorsChoose.org* grant I applied for a few months back and was funded by **Mr. Robert Hanley, CEO and Founder of Home Video Studio** (my father) and **The Prout Family** (an anonymous donor) through this site!

In this packet, you will find a variety of materials, art supplies, and handouts related to Artist Trading Cards (ATCs) and tonight's event. Please take time to make several ATCs and trade amongst other Central families tonight!

## **MAKING ATCs**

Several stations are set up throughout the cafeteria. Some of the stations include the drawing station, collage station, crafty station, stamping station, idea station, and thank you station.

*IDEA STATION:* Several books and ATC samples from Artists all over the world are here. Please keep these items at this station, but look through the books all you want and get ideas if you get stuck or need some creative inspiration!

*THANK YOU STATION:* Part of the *DonorsChoose.org* grant is having students write letters or cards to the donors of the project. Doing so helps other projects get funded for future projects and programs at Central and is a wonderful way to thank those who helped put on this night!

Please take the time to make a card from your student or family, thanking either
