

# Welcome to the St. Pius X Artist Trading Card Family Art Night

6:00-7:30

Thank you for attending our Family Art Night. I am grateful your donations that will support my presentation costs and trip to the National Art Education Association Conference. This is a HUGE honor and opportunity for me to be selected as a presenter and appreciate your support.

In this packet, you will find a variety of materials, art supplies, and handouts related to Artist Trading Cards (ATCs) and tonight's event. Please take time to make several ATCs and trade amongst other SPX families tonight (Yes, adults too!!)

## REGISTRATION TABLE AND PRIZES

If you were one of the first 20 families to register ahead of time, you may pick up your Artist Trading Card Kit. All families should have received this information packet along with a clear, ATC sheet with one entry to win a prize. Take this ATC over to the Secret Art/Watercolor ATC station to see if you are a winner. Bring this card back to the registration table if it says "Winner" on the card.

**\*\*Please sign the special paper to have your name on the back of a t-shirt that Mrs. Lewis will be wearing during her presentation!\*\***

## MAKING ATCs

Several stations are set up throughout Ross Hall. Some of the stations include the yarn design, collage/crafty station, stamping station, scratch art, secret art, and idea station. There will be an explanation card or volunteer to help you at the stations if you need assistance.

IDEA STATION: Several books and ATC samples from Artists all over the world are here. Please keep these items at this station, but look through the books all you want and get ideas if you get stuck or need some creative inspiration!

**\*\*\*Please try to keep supplies you use at the correct stations so everyone can find supplies easily and keep stations as clean as possible.\*\*\***

## TRADING WITH OTHERS

Artist Trading Cards are made to be collected and traded. I suggest making one for you and at least one more card to trade with another outside of your family. There are three rules I have for students when they trade in class on Artist Trading Card Day...

1. Have fun!
2. You must trade with at least 2 other people.
